NO CATCH

Our customers are strictly businesses and organizations.

How we earn

Like other OTAs, we earn a small percentage on all bookings

How we save

Other OTAs take a larger profit on each booking to cover their higher operational and B2C advertising costs

How you benefit

Therefore, we have no contracts, annual fees, or minimums

MORE CONTROL

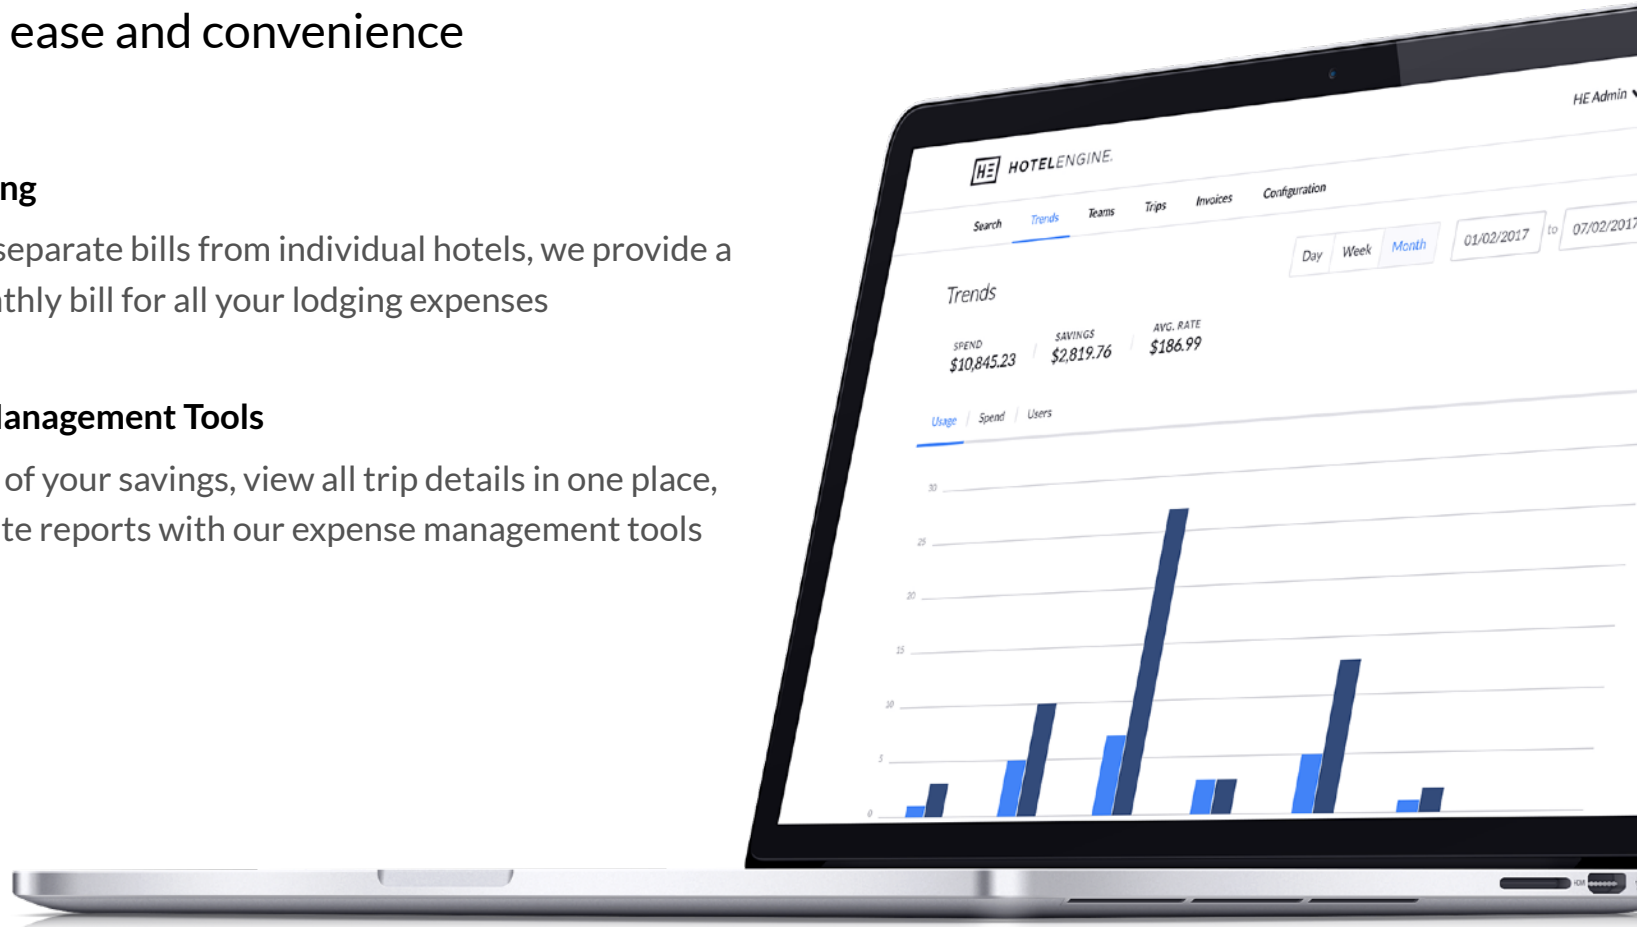

Built for ease and convenience

Direct Billing

Instead of separate bills from individual hotels, we provide a single, monthly bill for all your lodging expenses

Expense Management Tools

Keep track of your savings, view all trip details in one place, and generate reports with our expense management tools
